KEYNOTE BY FHWA ADMINISTRATOR SHAILEN BHATT!

THE AS-BUILT REVOLUTION IS TAKING FLIGHT ... LET'S FLY TOGETHER!

FAST FORWARD YOUR DIGITAL ROADMAP

A Virtual Experience | March 20-21, 2024

The Federal Highway Administration (FHWA) invites your active participation in this dynamic virtual experience towards building your digital roadmap. Join leading Departments of Transportation and FHWA for a deep dive into how digital project delivery and digital as-builts (DABs) are changing how we work. And collaborate with peers on shaping your digital journey.

Why is this experience for you? Learn how to ...

- ▶ Facilitate workforce recruitment, training and alignment to future digital practices. Attract talent & **put the workforce to work.**
- ▶ Streamline workflows by leveraging software/technology solutions.
- ▶ Explore and share common 'pain points' across all industry perspectives to facilitate **transformational, national solutions.**
- ▶ Utilize data for greater efficiency, automation and decision-making throughout project delivery and asset management.
- ▶ Understand DABs relevance and '**complementary fit**' with other transportation industry initiatives on information management.

This interactive experience will provide participants an opportunity to engage with presenters and their peers before, during and after programmed events.

Advance registration will be required.

Who Should Attend?

Both leaders and skeptics of the digital revolution, including: Surveyors, Designers, Contractors, Construction and Maintenance Staff, Asset Managers, Agency Leaders and Champions, and IT/Software Technology Solution Providers.

How Do I Participate?

Find event and registration details at:
